Academic Symbolism

The University Mace

The Academic Ceremonial Mace represents the authority of the Chief Executive Officer of the University. The Mace of University of The Bahamas measures three feet in length and is made from native mahogany for its strength and beauty. It is topped by the University crest flanked by two flamingoes, a symbol of our heritage and brilliance and the national bird of the Commonwealth of The Bahamas. The Mace was designed and carved by Andret John, a noted Bahamian artist who is famous for his sculptures.

The Presidential Chain and Medallion

The Presidential Chain and Medallion are symbols of the rank of President and the authority of the Office of President. The bronze medallion is antique silver-plated and depicts the University's crest. The chain, plain and unadorned, is joined to the medallion by the President's banner, engraved with the name of the University's President. Together with the Mace, the chain and medallion symbolize the continuing authority of the President of University of The Bahamas.

Academic Dress

The wearing of caps, gowns and hoods at college and university functions dates back to the earliest days of the oldest universities. Modern academic regalia evolved from the kinds of apparel worn by monks and students in the eleventh and twelfth centuries to keep warm in the medieval castles and halls in which they studied.

The Gown

The gown has become symbolic of the democracy of scholarship, for it completely covers any dress or rank or social standing. The sleeves of the gown indicate the level of the degree held by the wearer. A long pointed sleeve indicates the bachelor degree. The master's degree gown has an oblong sleeve cut in an arc with a slit at either the upper arm or wrist. The doctoral gown has bell shaped sleeves and may also have velvet facing and three sleeve bars or chevrons. The sleeves of a university president's gown bear four chevrons. The trimming may be black or it may match the degree colour on the gown's edging.

The Cap

The academic cap is a sign of the freedom of scholarship and responsibility and dignity with which scholarship endows the wearer. Old poetry records the cap of scholarship as square, symbolizing the book, although other authorities claim that it is a mortarboard, the symbol of the mason, a privileged guild. Trustees wear a six-sided cap, while the President's is eight-sided. The colour of the tassels on the cap denotes the discipline. The tassels on the mortarboards worn by faculty may be black or a colour indicating the degree. Those who hold a doctoral degree may wear a gold tassel.

Tassel colours worn by graduates can include:

Accounting – Drab	Law/Criminal Justice – Purple
Agriculture – Maize	Library Science – Lemon
Architecture – Blue Violet	Marketing – Drab
Arts – White	Mathematics – Gold
Business Studies – Drab	Nursing – Apricot
Economics – Copper	Psychology – Gold
Education – Light Blue	Public Administration – Peacock
Engineering – Orange	Sciences – Gold
Finance – Drab	Social Studies – Citron
General Studies – White	Sociology – Citron
Geography – White	Technology – Gold
History – White	
Journalism – Crimson	
Language and Literature – White	

The Hood

The hood is the most prominent feature of the academic costume and is lined with the official colours of the institution conferring the degree. It is edged and bound with velvet or the colour appropriate to the degree. At University of The Bahamas, the lining of the hood is royal blue and white representing the University's colours.

The Cord

The gold cord is worn by candidates graduating with distinction. The cumulative grade point average required for the award of distinction is 3.51 – 4.00, effective Fall 1998.

New Providence

Sherise Ferguson, M.D.

Dr. Sherise Ferguson is a board-certified neurosurgeon who specializes in primary and metastatic brain tumors at The University of Texas MD Anderson Cancer Center in Houston, Texas. The first of three children, Sherise was born in Nassau to Dr. Sparkman Ferguson and Mrs. Dawn Ferguson.

She attended St. Andrew's High School before leaving the island to pursue higher education in the United States. Dr. Ferguson earned her bachelor's degree in Biology from The University of Virginia, her master of liberal arts degree from The University of Pennsylvania, and her medical degree from The University of Chicago, Pritzker School of Medicine. Dr. Ferguson also completed her neurosurgery residency and a research fellowship at University of Chicago, before traveling to Texas for a clinical fellowship in neurosurgical oncology at MD Anderson Cancer Center, the number one ranked hospital for cancer care in the United States. Dr. Ferguson joined the faculty at MD Anderson as an Assistant Professor of Neurosurgery in 2013. She specializes in surgery for complex brain tumors, "awake" brain surgery and brain metastasis.

Dr. Ferguson has published over 40 peer-reviewed articles and four book chapters. She is currently the neurosurgical collaborator for two ongoing clinical trials on melanoma metastatic disease. She is a member of multiple organizations including the Society for Neuro-oncology, Congress of Neurosurgeons, American Association of Neurological Surgery and Alpha Omega Alpha medical honor society. She loves biking, sci-fi movies, hanging out with her 4-year old son Jacob David and the Bahamian delicacy, cracked conch.

University of The Bahamas Alma Mater

We've come to build together a dream for this great land,
Like palm trees tall upon this landfall called Bahamaland.
The future is before us like endless sea and sand.
We'll chart a course with alma mater proudly we will stand.

A beacon for these islands embraced in shallow seas,
UB will lift our spirits high for all the world to see.
With hands and hearts together we'll be a guiding light,
We'll live to praise our alma mater 'neath the clear blue skies.
We'll live to raise our alma mater's banner waving high!
