## Refunds and Tuition Penalty

**What does "Tuition Penalty" Mean?**

In accordance with the University’s Refund Schedule, students receive a refund ranging from 90% to 0% for courses Dropped after the end of (a) Registration for Returning Students and (b) Registration for New Students. The amount not refunded is the Tuition Penalty; as an example, if 90% is refunded, the Tuition Penalty is the 10% not refunded.

Information on Refunds and Tuition Penalty is on the University’s website at https://www.ub.edu.bs/admissions/tuition-fees/.

**Helpful Points**

1. **Refund Schedule**
   - a. The Refund Schedule is applicable to all students, NEW and RETURNING, including students registering during Late Registration.
   - b. New Students are not charged the Tuition Penalty before classes begin.

2. **Dropping A Course**
   - a. If a course is Dropped, the Tuition Penalty will be assessed. The Tuition and Fee Charge for the dropped course is reversed 100% and appears as a – (negative) Charge on the student’s account.
   - b. Simultaneously, the Tuition Penalty is charged to the student’s account at the applicable Penalty Percentage rate.

Example:

- Student Dropped a course during the first week of classes resulting in:
  - o $-400.00 Tuition Charge reversed,
  - o $100.00 Tuition Penalty charged ($400.00 x 25% Penalty Percentage).

See example below, paying attention to the items highlighted in red.
3. Swapping of Courses
   During the Same Refund Period for the Same Number of Bill Hours

   a. If a student Adds a course and then Drops a course for the same number of Bill Hours during the same refund period, no Tuition Penalty will be assessed.
   b. If a student Drops a course and then Adds a course for the same number of Bill Hours during the same refund period, the Tuition Penalty previously charged for the Dropped course is reversed, and appears as a – (negative) charge on the student’s account.

Example:
   - Student Dropped a course during the first week of classes resulting in:
     - $-345.00 Tuition Charge reversed, and
     - $86.25 Tuition Penalty charged ($345.00 x 25% Penalty Percentage).
   - Student then Added a course during the first week of classes for the same number of Bill Hours resulting in:
     - $345.00 Tuition Charge added
     - $-86.25 Tuition Penalty previously charged reversed.

See example below, paying attention to the items highlighted in red.
During the Same Refund Period for A Different Number of Bill Hours

a. If a student Adds a course and then Drops a course with less Bill Hours (than the Bill Hours of the Added course) during the same refund period, no Tuition Penalty is applied.

b. If a student Drops a course and then Adds a course with less Bill Hours (than the Bill Hours of the Dropped course) during the same refund period, the Tuition Penalty previously charged for the Dropped course is reversed and the Tuition Penalty is charged on the difference in Bill Hours.

Example:
- Student Dropped a course during the first week of classes resulting in:
  - $-900.00 Tuition Charge and $-25.00 Lab Fee reversed
  - $225.00 Tuition Penalty charged ($900.00 x 25% Penalty Percentage).
- Student subsequently Adds a course during the first week of classes for less Bill Hours resulting in:
  - $600.00 Tuition Charge added
  - $-225.00 Tuition Penalty previously charged reversed
  - $75.00 recalculated Tuition Penalty charged on the difference in Tuition Charge between the dropped course and the added course ($900.00 - $600.00 = $300.00 x 25% = $75.00).

See example below, paying attention to the items highlighted in red.
During Different Refund Periods

a. If a student Drops a course in one refund period and then Adds a course in another refund period, the Tuition Penalty is not reversed.
b. If a student Adds a course in one refund period and then Drops a course in another refund period, the Tuition Penalty is charged.

4. Course Cancellation
   If a course is cancelled by the University, no Tuition Penalty is applied.

Account Activity/”Term Balance” With (-) Minus Sign

When viewing your Account Activity information in Banner Self-Service Student:

- A (-) minus sign in front of an amount in the “Amount” column means it is a payment applied to your account; e.g. scholarship, Tertiary Grant, credit card payment.
- A (-) minus sign in front of the amount in “Term Balance” means your account has a credit balance for that particular semester, and therefore no payment is due for that semester.
When your account has an outstanding balance that is owed, the amount in “Term Balance” does not have a (-) minus sign, meaning this amount is to be paid for this particular semester.
