

Assistant/Associate Professor Environmental Science (UB-North or Oakes Field)
University of The Bahamas, Commonwealth of The Bahamas

Date Posted	February 2023
Type	Three-year contract with an option to renew
Salary	Negotiable
Employment Type	Full Time

The Small Island Sustainability Programme is pleased to invite applications for the position of Assistant/Associate Professor Environmental Science (UB-North or Oakes Field). The full-time appointment will commence August 2023.

Responsibilities: The faculty member must have a strong commitment to teaching and research. Applicants will demonstrate the ability to establish a research agenda that addresses management, monitoring or policy related challenges and opportunities in the Bahamian marine or terrestrial environments. These include but are not limited to environmental pollution, climate change, plant and animal ecology, forest and landscape restoration, applied remote sensing and GIS, environmental health and biogeochemical systems. The successful candidates will assist in the development and review of programmes and courses, advise students as well as teach graduate and undergraduate courses in sustainability, environmental or marine sciences. Candidates who demonstrate the ability to engage in integrative research that includes natural and social scientists, economists, technologists, policymakers and local communities are especially encouraged to apply. Previous experience in the region or similar small island environments is preferred although not required.

Qualifications: Candidates must have a terminal degree in environmental sciences/studies, environmental management, marine science or a closely related field from an accredited university.

Setting: The University of The Bahamas (UB) is a vital catalyst for national development. Chartered on 10th November 2016, UB had its genesis in The College of The Bahamas which was established in 1974. Since 1995, the institution's academic offerings have expanded through the introduction of baccalaureate degree programmes offered across a broad range of approximately 60 majors. Master's degree programmes have included an MBA and an MSc in Reading and Inclusive Education as well as graduate degree programmes offered in collaboration with various US universities. UB operates from the Oakes

Field Campus and the Grosvenor Close Centre in New Providence; UB-North in Grand Bahama; and the Gerace Research Facility in San Salvador. Additional sites are planned for throughout the archipelago.

Application: Application materials should include:

1. A completed University of The Bahamas Application for Employment Form (www.ub.edu.bs/hrprofile);
2. A letter of interest (highlighting work experience and accomplishments relevant to the position);
3. An up-to-date curriculum vitae or resume;
4. Librarianship philosophy statement;
5. Evidence of excellence in librarianship;
6. Evidence of research and scholarship;
7. Evidence of service to the profession;
8. Unofficial transcripts (official transcripts needed for employment);

AND

9. At least three confidential, professional references.

To Apply: Apply electronically at facultyapply@ub.edu.bs noting the position in the subject field. Only electronic submissions will be accepted. Attach all of the above listed in one electronic file.
