

Job Title: Assistant/Associate Professor, Mathematics

School / College: School of Mathematics, Physics & Technology / College of Pure & Applied Science

Campus: University of The Bahamas North (UB North), Freeport, Grand Bahama

The University of The Bahamas invites applications for a full-time faculty position in the College of Pure & Applied Science. The candidate's academic appointment will be at our northern campus on the island of Grand Bahama. UB North is a branch campus within the University of The Bahamas system and is being strategically developed to offer STEM and other selected programmes that uniquely positions it for positive growth. We are assembling a strong contingent of talented, creative, and enthusiastic faculty who can contribute to and benefit from our exciting ongoing academic (re)building/development process.

The successful candidate will possess excellent teaching skills and strong expertise in Mathematics.

Responsibilities:

The School of Mathematics, Physics & Technology selects candidates with the ability to teach undergraduate courses in Math. He/she will teach and direct students as they develop the necessary skills to apply Mathematics across various disciplines, including Business, Computer Science, Chemistry, and Biology. Areas of focus include Pre-Calculus Algebra, Pre-Calculus Trigonometry, Calculus I and II, Finite Mathematics, Calculus for Business, and Statistics. The candidate is also expected to be instrumental in helping the University establish a Computer Science degree programme.

The successful candidate will be required to participate in student recruitment and advisement, engage in research and scholarly activities, assist with identifying and obtaining grants and other capital opportunities, participate in curriculum review, revision and development, and serve on departmental, college, university-wide and external committees.

Faculty should exhibit a willingness to collaborate across disciplines and contribute to the university's collegial intellectual atmosphere. He/she will be expected to teach and conduct research that reflects the interests of the faculty member and the needs of the institution.

Qualifications:

- An earned PhD or Master's degree in Mathematics or a related field is preferred;

- Commitment to and excellence in teaching;
- A strong research record appropriate to the level of appointment; and
- Demonstrated ability to balance excellent teaching, scholarship, and service.

Appointment Terms:

- 3-year contractual engagement with expected extensions;
- The anticipated start date is 1st August 2023; and
- Salary will be commensurate with qualifications.

Application: Application materials should include the following:

- A cover letter describing academic philosophy and vision, research, and publications;
- Copies of academic and professional qualifications;
- Copies of transcripts of all relevant graduate and undergraduate degree programmes completed;
- Current Curriculum Vitae or Resume;
- Copies of relevant pages of passport, showing photo, passport number, and expiration date;
- Three (3) reference letters; and
- Completed application form.

To Apply: Application forms are available at:

(<https://www.ub.edu.bs/wp-content/uploads/2016/10/UB-Application-for-Employment-Faculty.pdf>).

Application packages should be emailed to presidentubn@ub.edu.bs noting the position in the subject field.

Application Deadline: Applications must be received on or before **28th February 2023**.
